Processing a Quote

A step by step guide, from a request in the inbox to a quote on IHQ. No experience needed.

Quote

Steps 1 and 2: Sort the request

A quote request lands in the inbox. Read it, then choose one of three routes.

Complicated

Tag the email for the Underwriter (UW).

Leisure

Tag the email for the UW.

General corporate travel

This one is yours. Input it on IHQ. The next slides show you how.

The quote process at a glance

Steps 1 and 2
Read and sort
UW or you?

→

Step 3
Log in
Go to IHQ

→

Steps 4 and 5
Onboarding Portal
Create Quote

→

Steps 6 to 14
Enter the quote
Broker, policy holder, travel days

→

Steps 15, 16
Notes, then submit
Claims and notes box

→

Steps 17, 18
Upload and hand over
UW is emailed

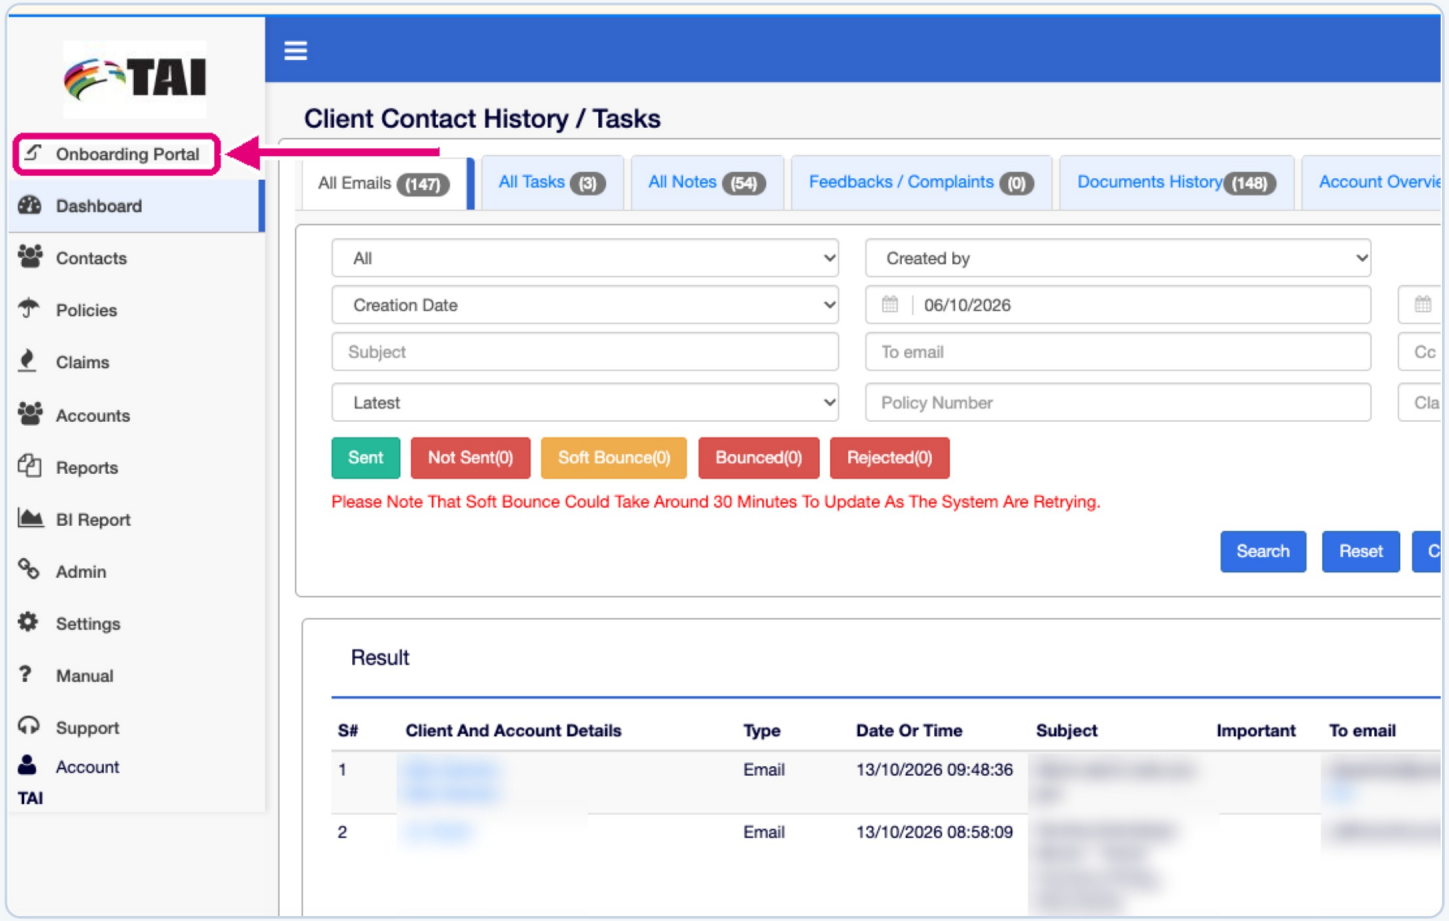

Something missing?

Broker company or contact not in the list: see slides 13 to 15.

Notes and claims check

What to write in the notes and how to check for claims: slides 10 and 11.

Steps 3 and 4: Log in to IHQ

Step 3

Log in to IHQ

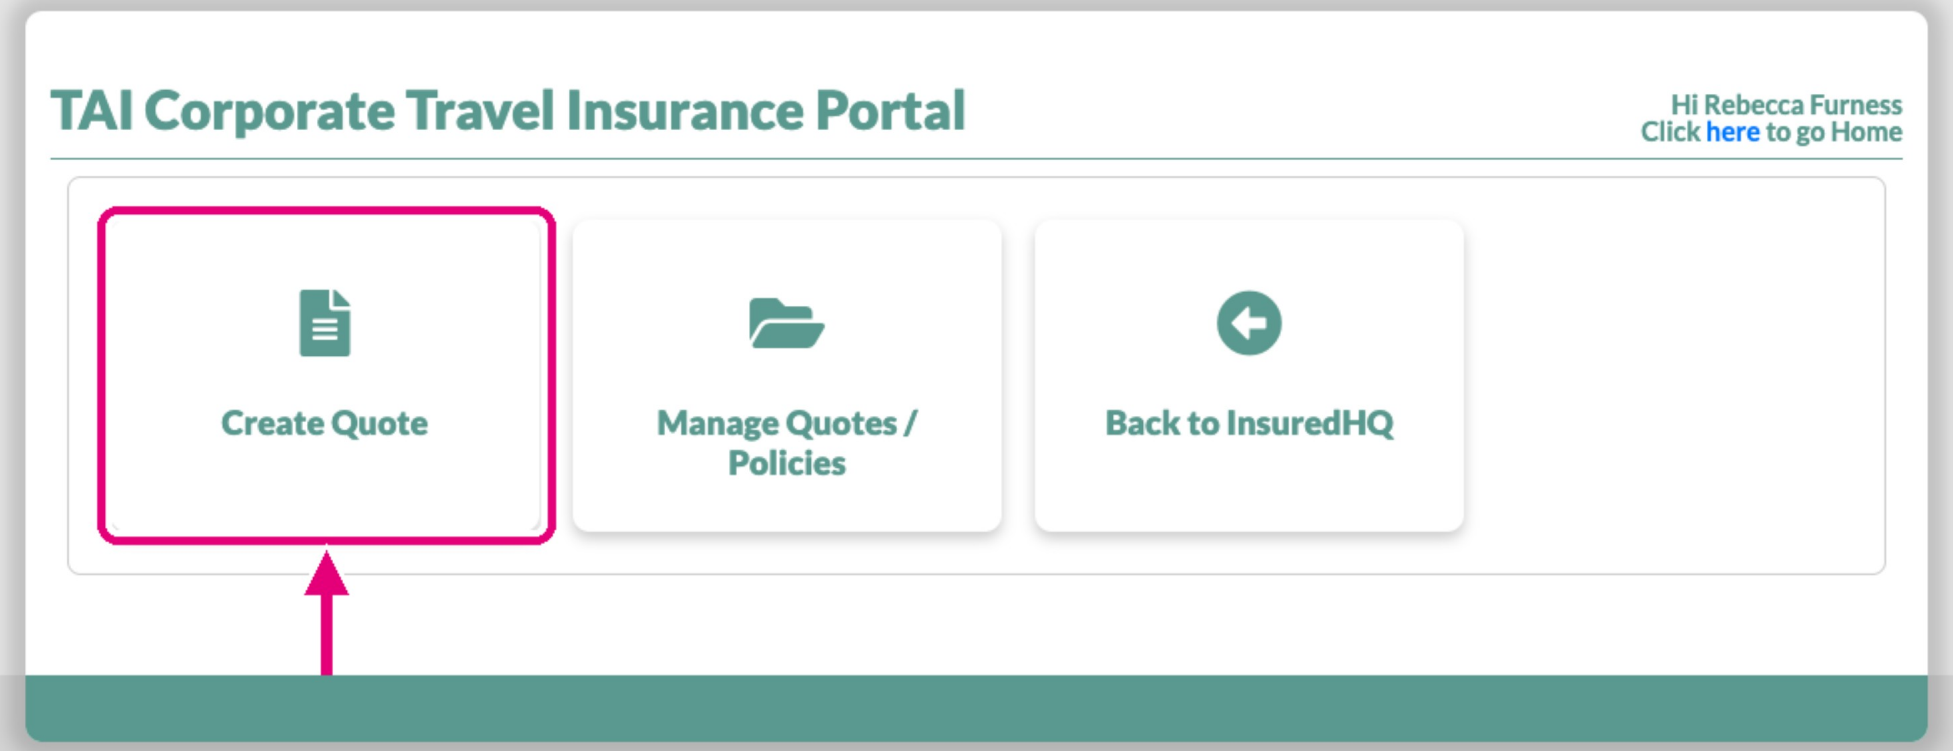

tai-core.insuredhq.com

Step 4

Select Onboarding Portal

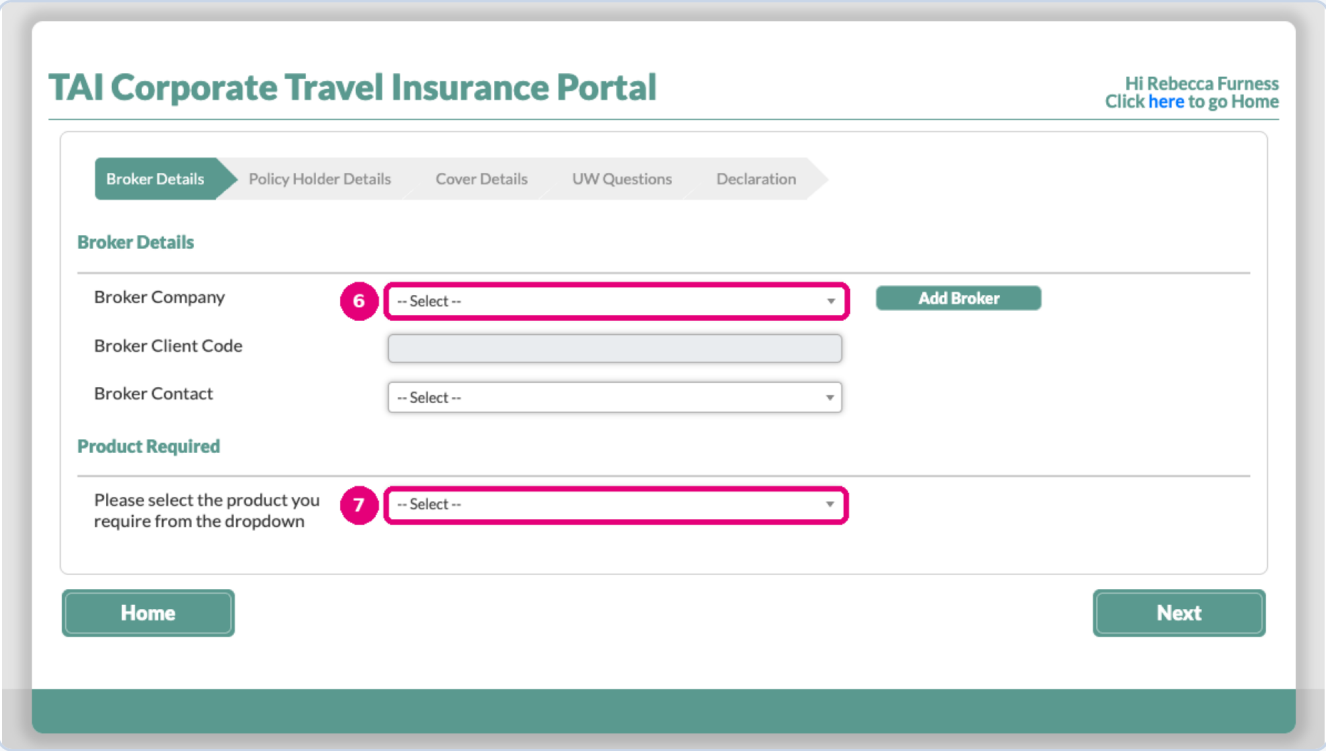

It is in the left sidebar, at the top of the menu, where the arrow points.

Step 5: Create a quote

5 In the Onboarding Portal, click Create Quote

Steps 6 and 7: Broker and product

Step 6

Pick the Broker Company from the dropdown.

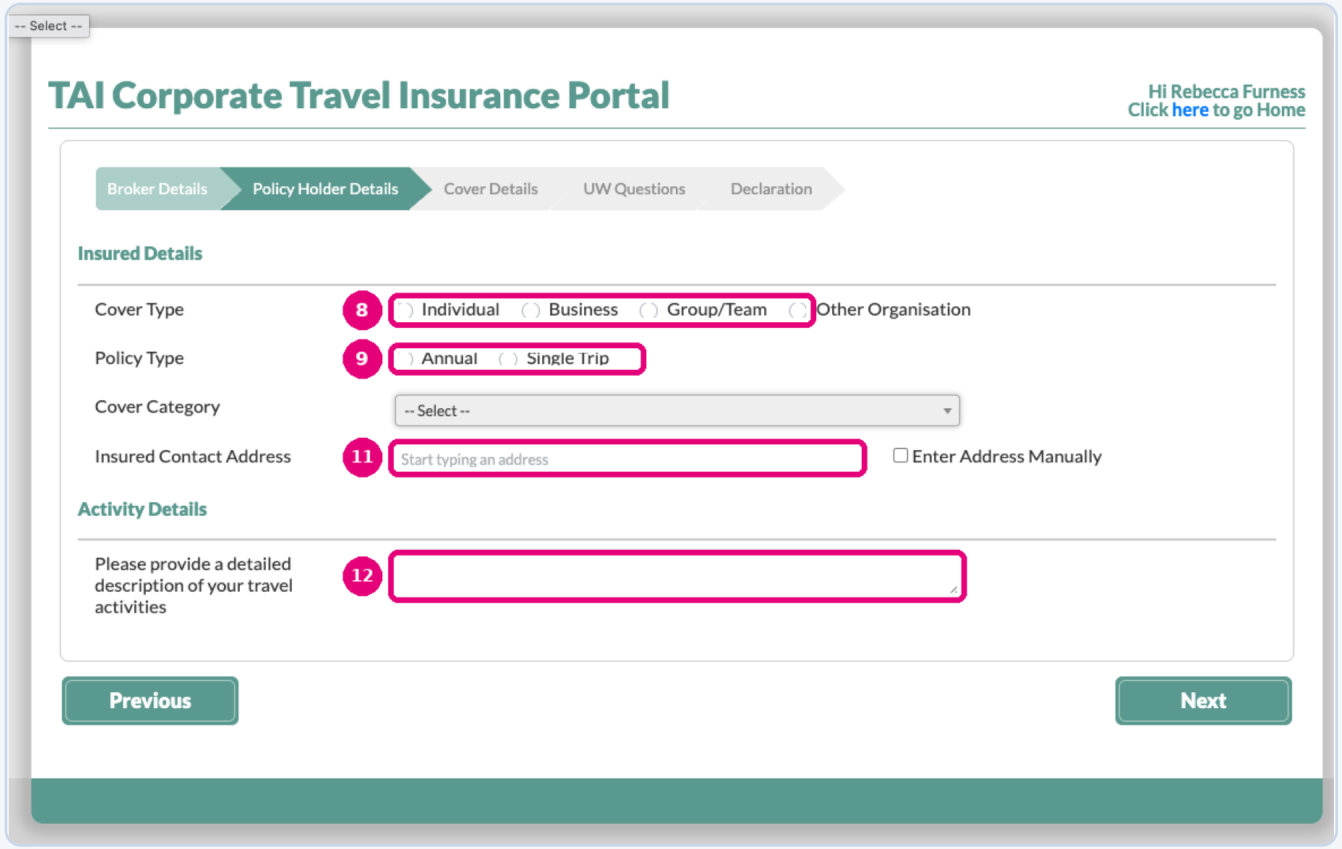

Step 7

Product required: Corporate Travel.

Not in the list?

A missing broker company or contact is covered on slides 13 to 15.

Steps 8 to 12: Policy holder details

8 Cover type. Individual, Business, Group/Team or Other Organisation. Most are Business.

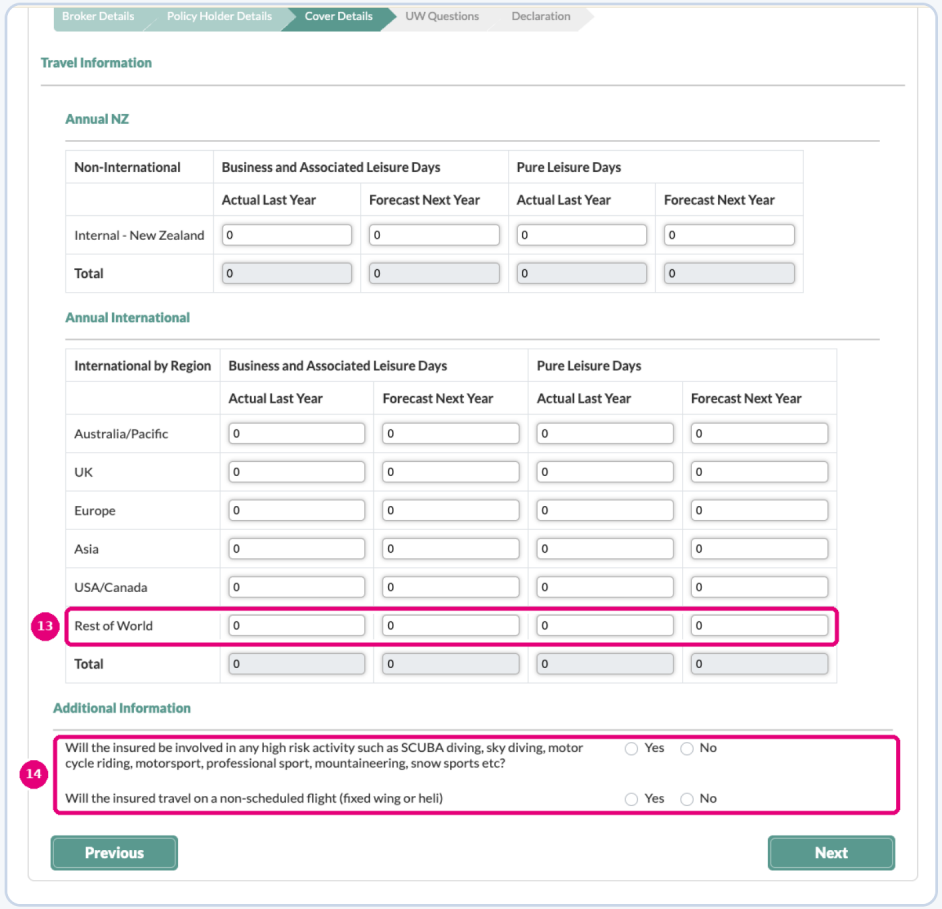

9 Policy type. Annual or Single Trip, then enter the dates.

10 NZBN. Look it up on the Companies Register: companies-register.companiesoffice.govt.nz

11 Insured contact address.

12 Travel activities. Keep it brief, about 5 words.

Steps 13 and 14: Travel days and extras

Step 13

Enter the travel days

Brokers all have different forms, so use your judgement. If it is not clear which countries to put, use Rest of World.

Step 14

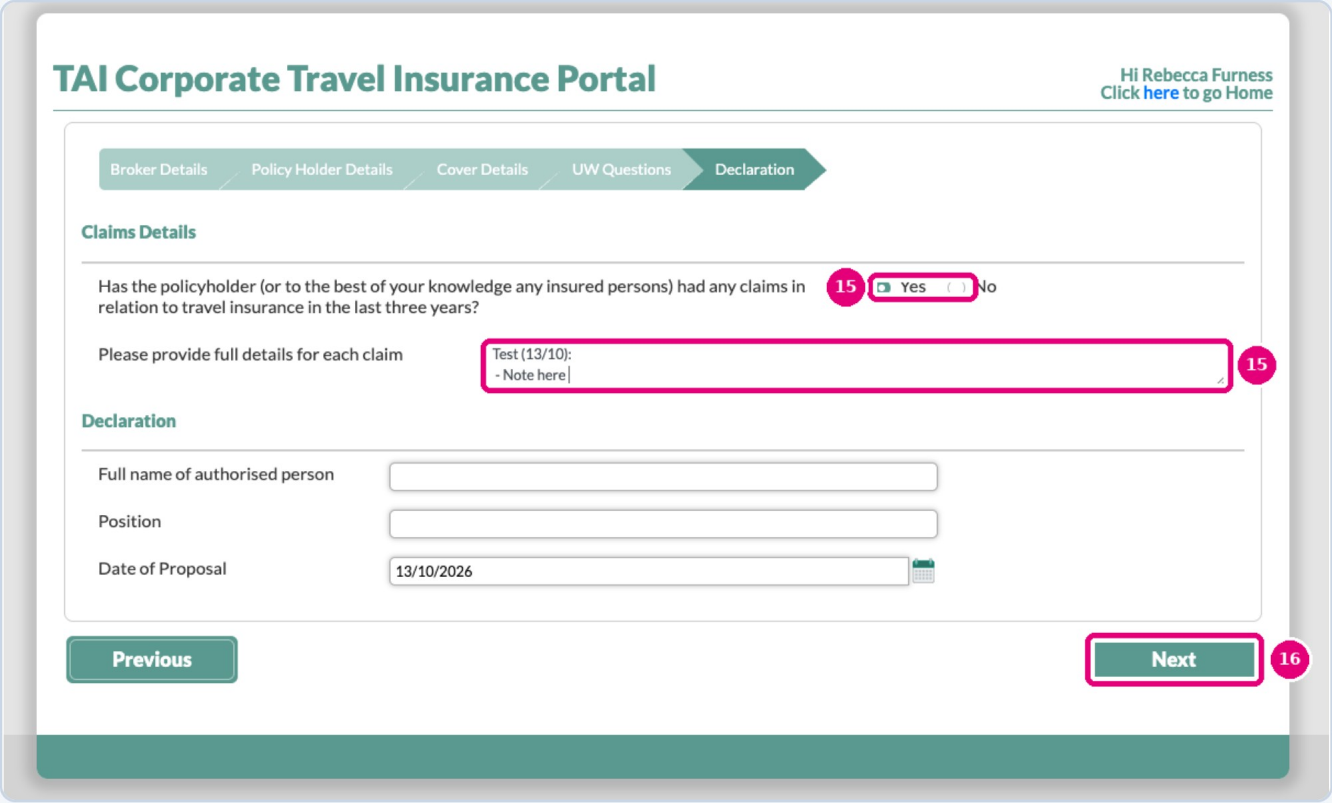

Enter the additional information

Answer the questions at the bottom: high risk activities and non-scheduled flights.

Answered Yes?

Note any extra information you received about a high risk or flagged event. See slide 10.

Steps 15 and 16: Notes, then submit

Step 15

Select Yes, then write all additional information in the box.

Start with your name and the date, then your notes. See the next slide for what to include.

Step 16

Click Next, then submit.

What to put in the notes

Start with your name and the date, then add whichever of these apply.

Travellers over 75

Note it if there are any.

A claim

Date of loss, cause of loss and amount of loss.

A renewal

Last year's policy number.

High risk or flagged events

If any answer is Yes, note any additional information received.

Anything else the UW should know

Any information which may impact the underwriting process, or anything the UW may need to know.

How to do a claims check

Open the most recent report

These reports are downloaded frequently, so pick the latest date. It is called GB Claim Report - Date.

Found a claim?

Add the date of loss, cause of loss and amount of loss to the notes. See slide 10.

Steps 17 and 18: Upload and hand over

Step 17

Upload the files

Upload all the files from the emails to the new client file.

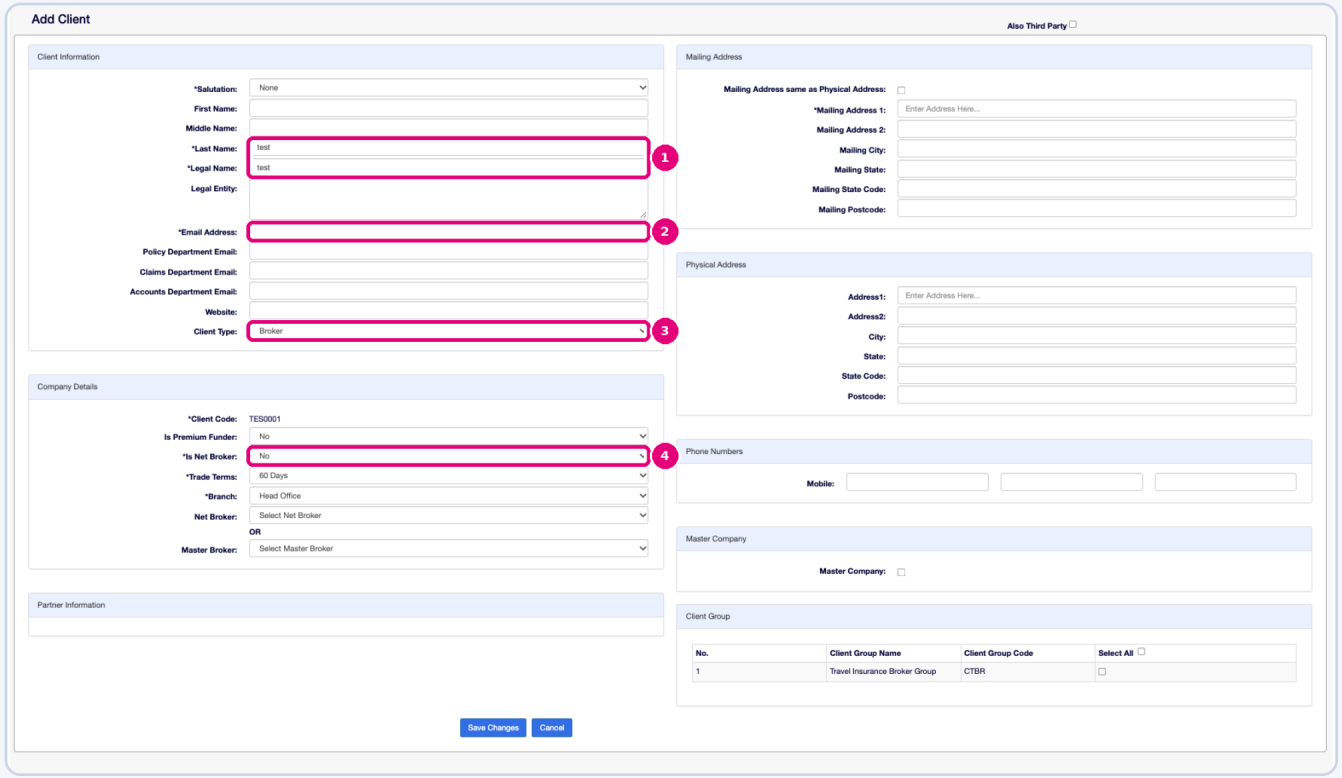

Step 18

The UW is told

An email is now sent to travel@tai.co.nz, so the UW can pick it up and knows there is a quote to review.

That is the quote done. The UW takes it from here.

Extra: Broker company not in the list

On the Broker Details step, click Add Broker

Fill in the fields

1 Legal Name and Last Name. The company name.

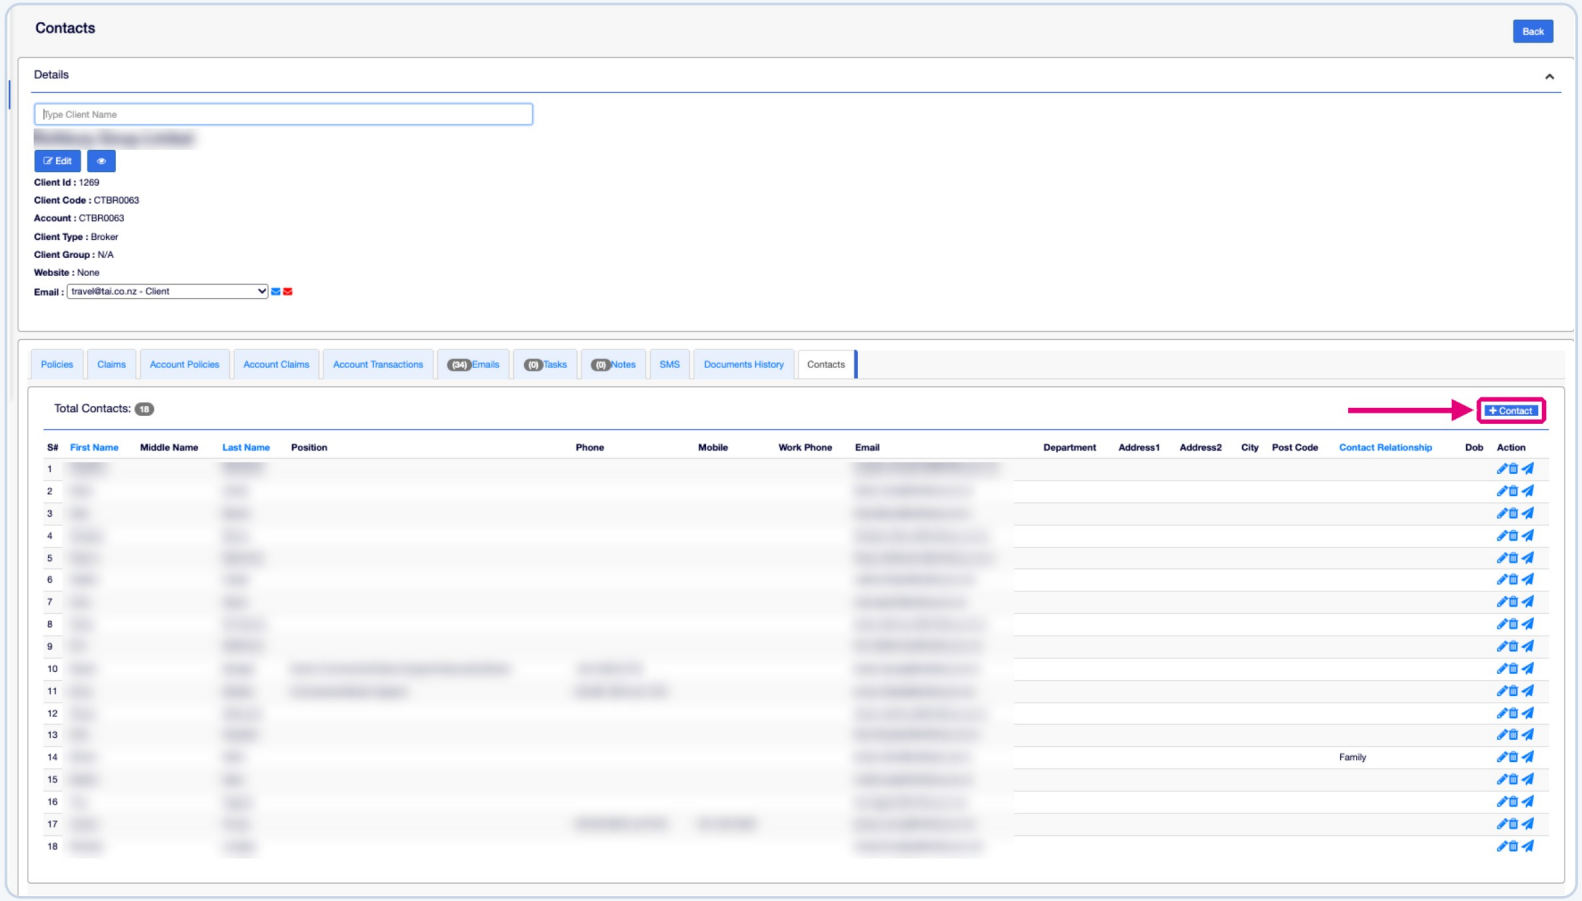

2 Email. travel@tai.co.nz, always, not the organisation's email.

3 Client Type. Broker.

4 Is Net Broker. Yes.

The broker company is now added.

Extra: Broker contact not in the list

First

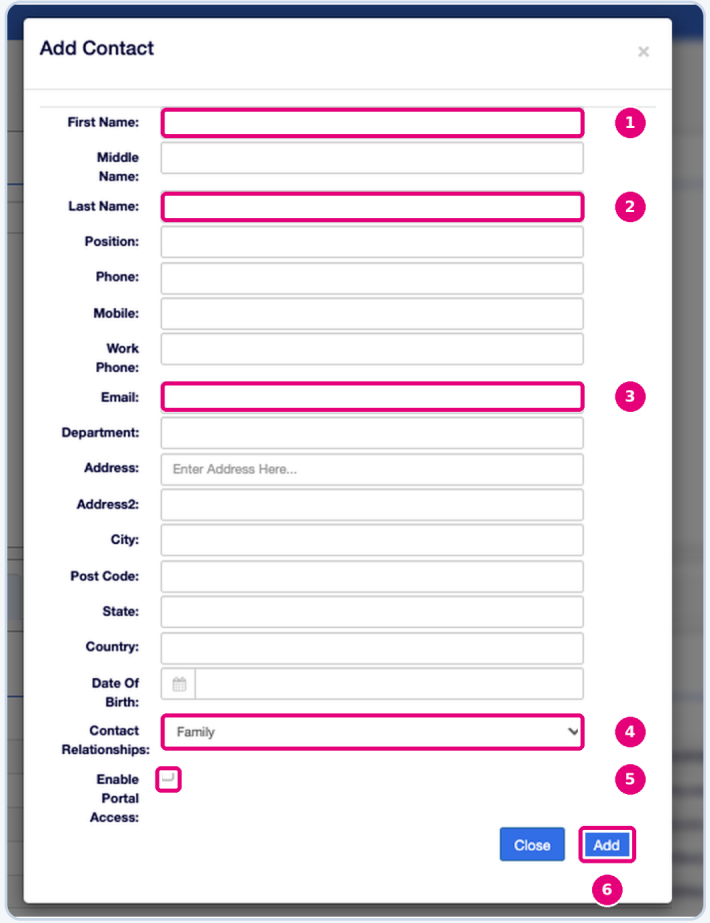

Open the broker's client file, then the Contacts tab.

Then

Click + Contact, where the arrow points.

The form is on the next slide.

Extra: Add the contact

1 First Name

2 Last Name

3 Email

4 Contact Relationships: Select

5 Do not enable portal access. Leave the box unticked.

6 Click Add

Back on the quote page, click Reset. The contact will now be there.
