2. Things waiting on you: access requests and unanswered enquiries.

3. Live activity: new enquiries, quote requests, claims and bind instructions as they arrive.

4. Try the celebration plays the pop you'll see when something new comes in.

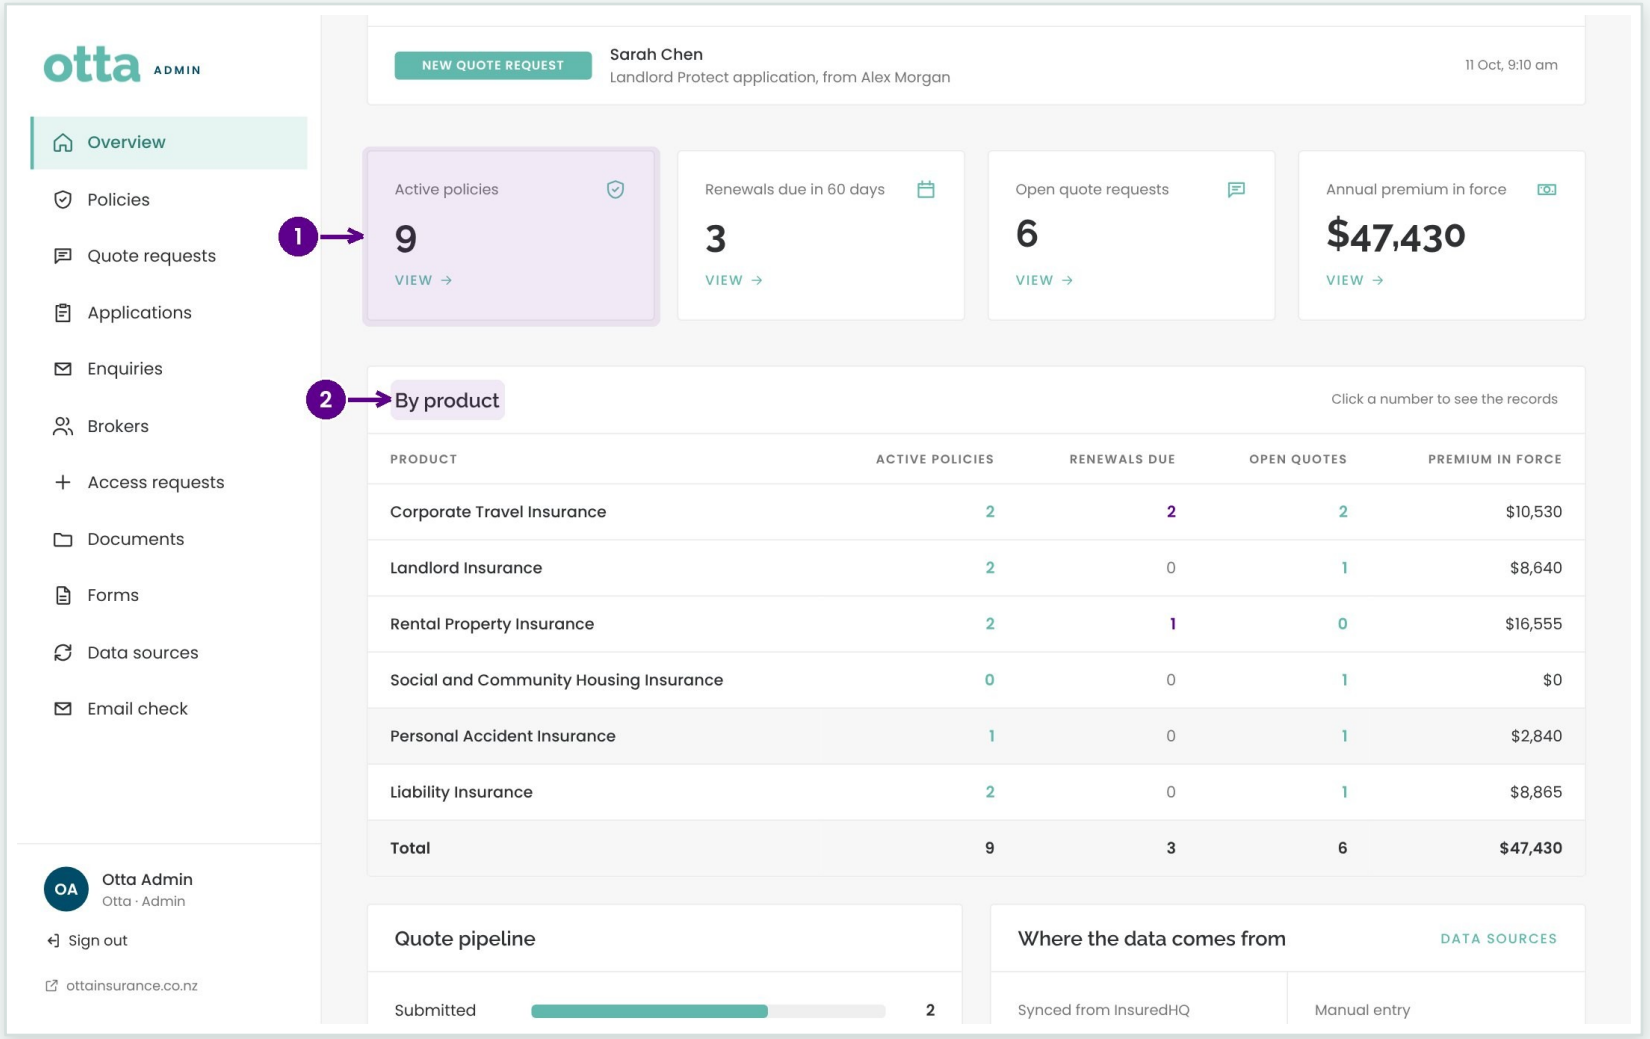

When something new arrives

1. A confetti pop and a card say what has arrived. Select it to open it.

2. It is added to the top of Live activity.

The book at a glance

1. Headline numbers: active policies, premium and renewals. Select one to see the list.

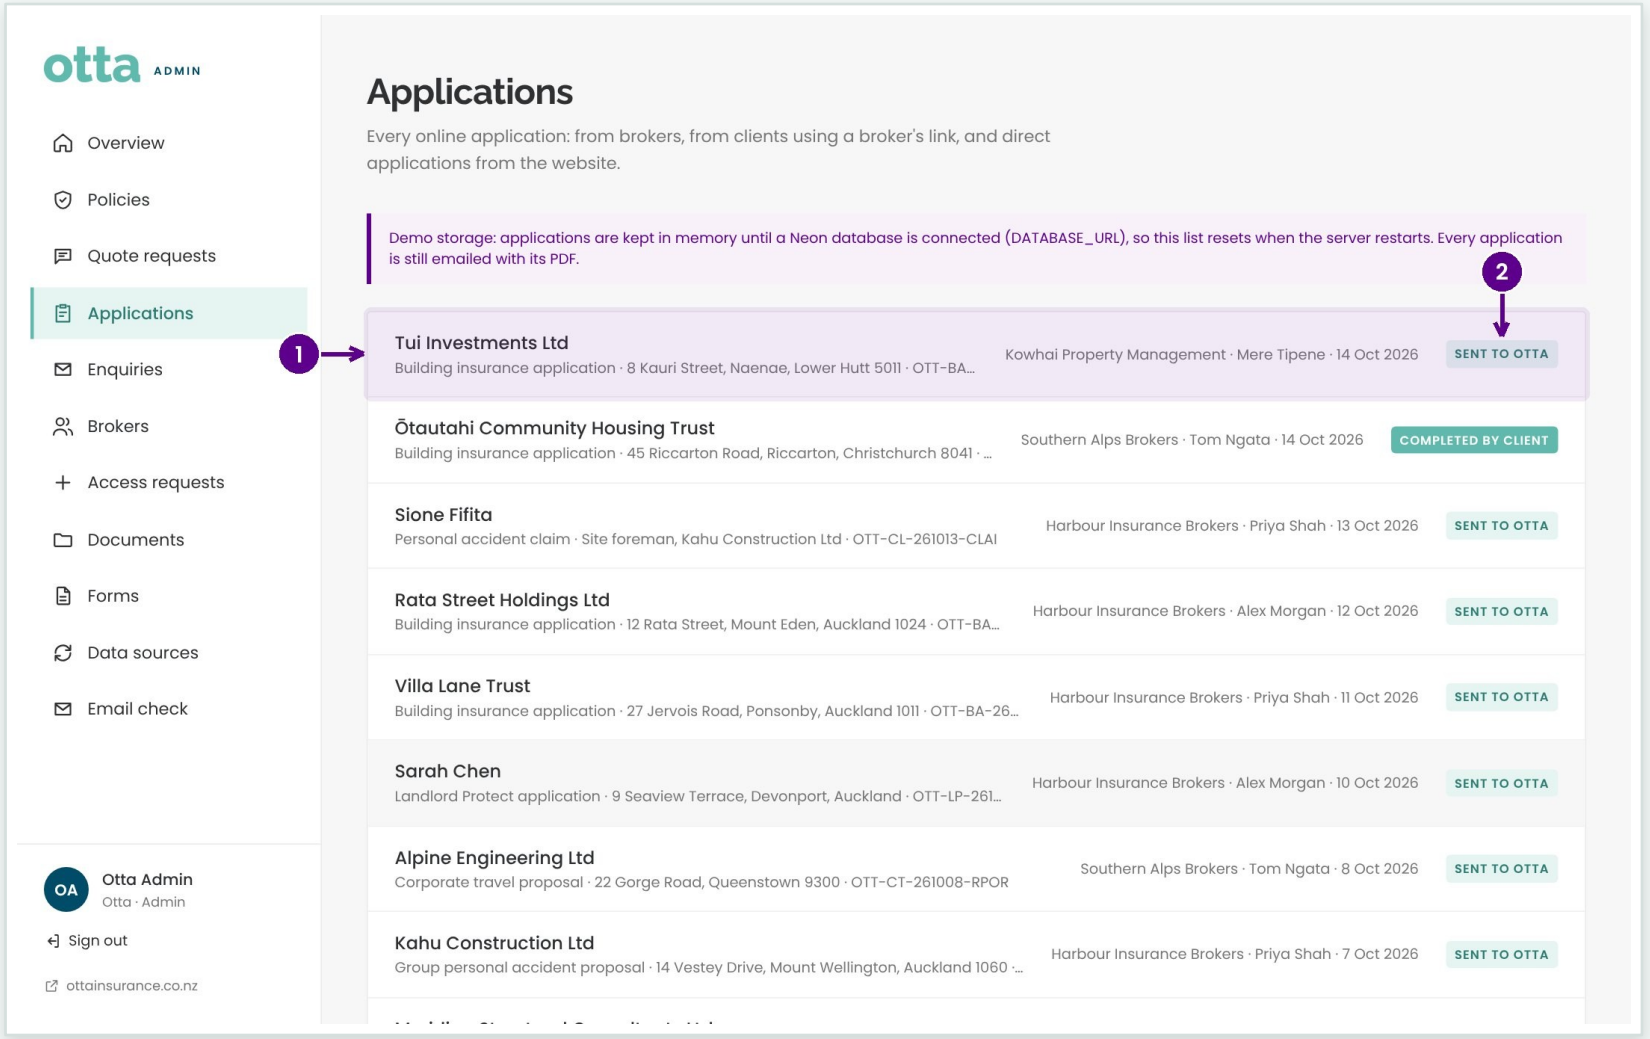

2. The book broken down by product.

02

Applications and underwriting

Every online application and claim lands here, with a first read from the underwriting assistant.

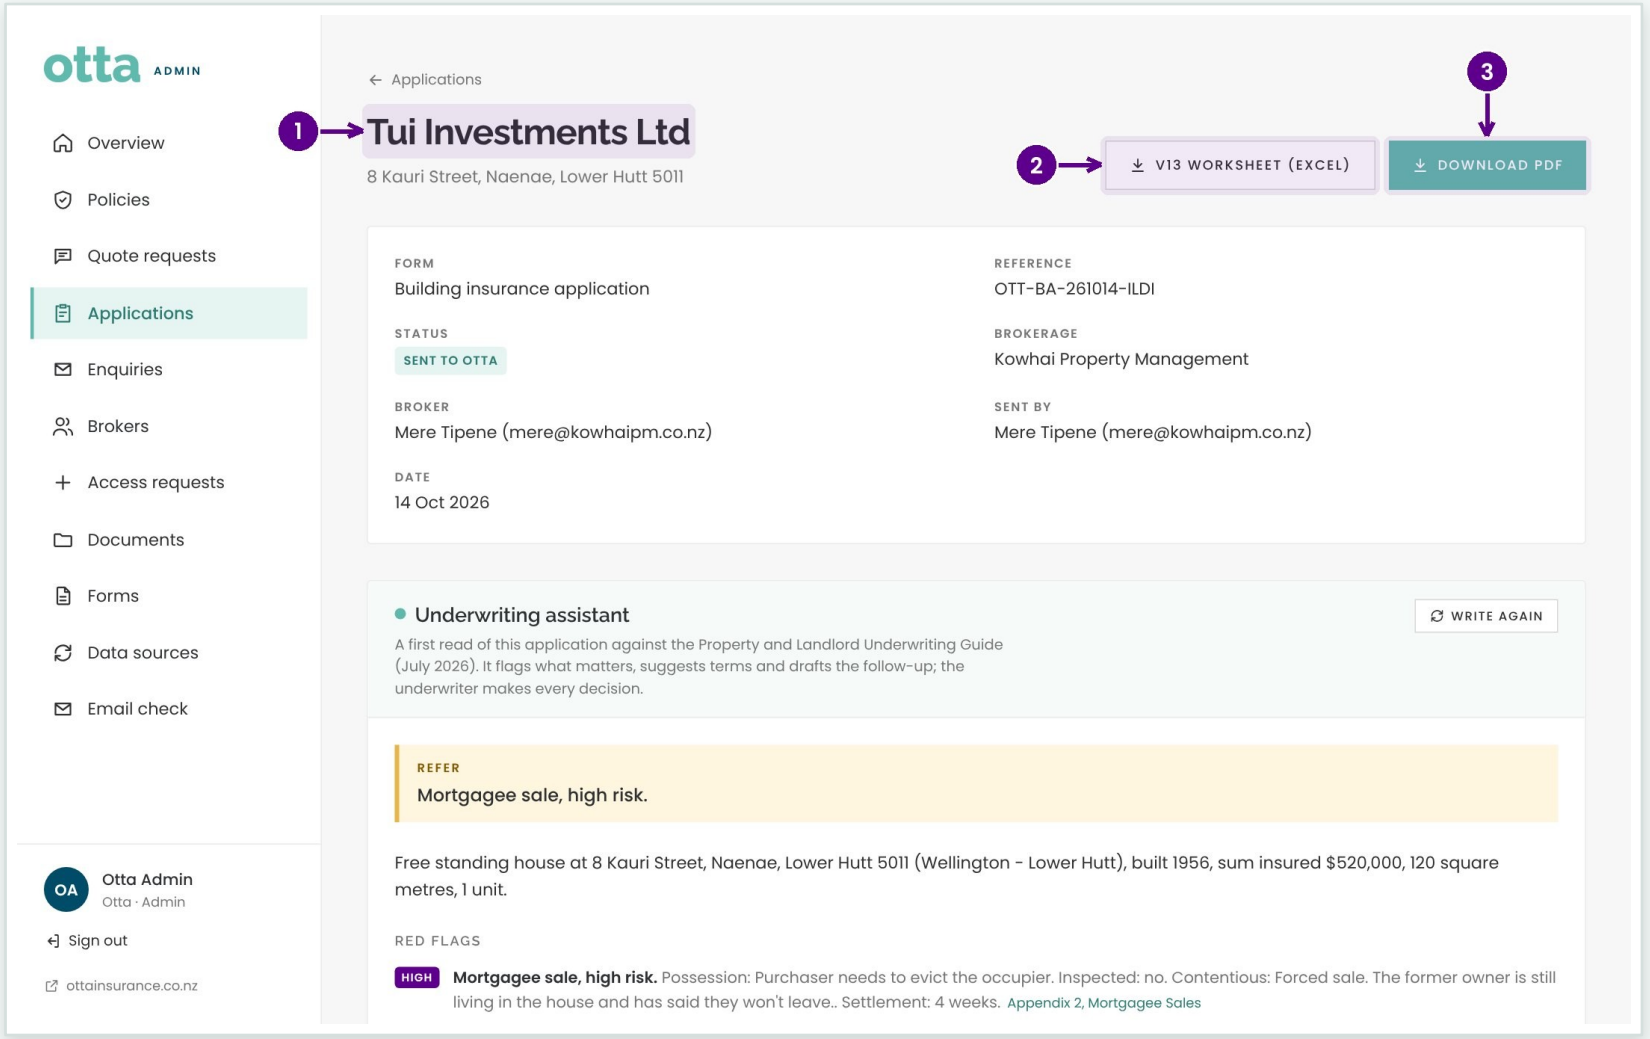

The applications list

1. Each application or claim, newest first. Select one to open it.

2. Its status: new, in review, quoted and so on.

Opening an application

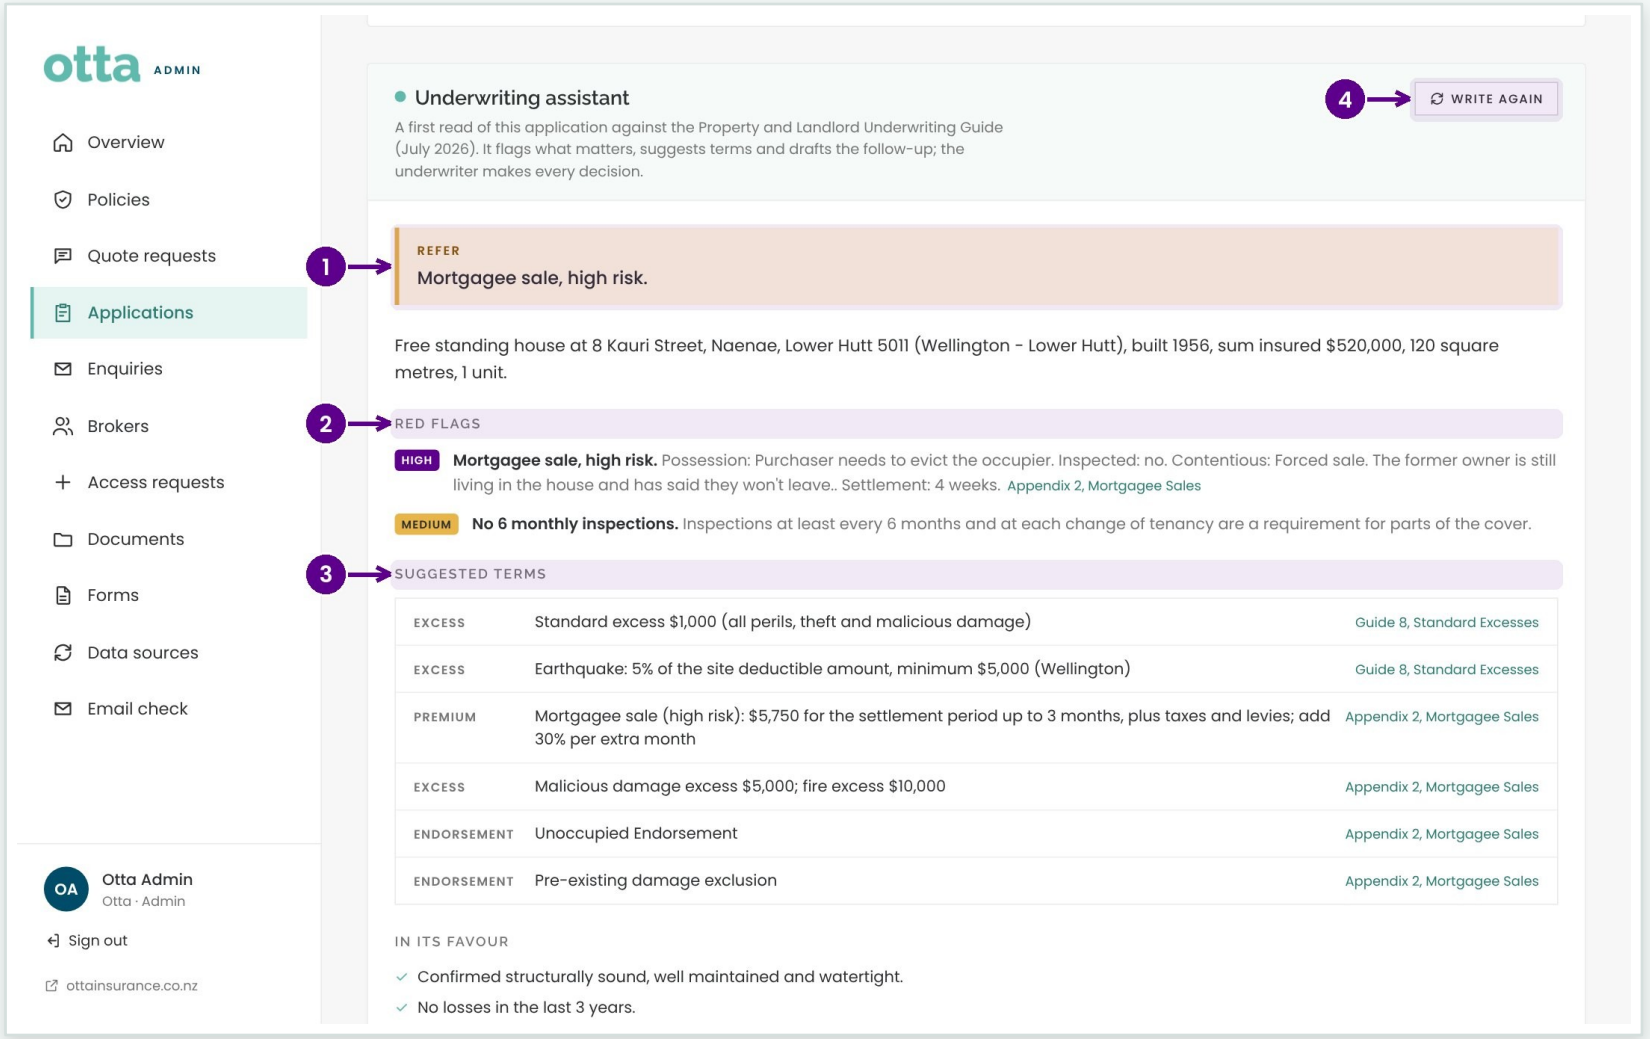

1. The insured and the reference.

2. V13 worksheet downloads the spreadsheet, already filled in.

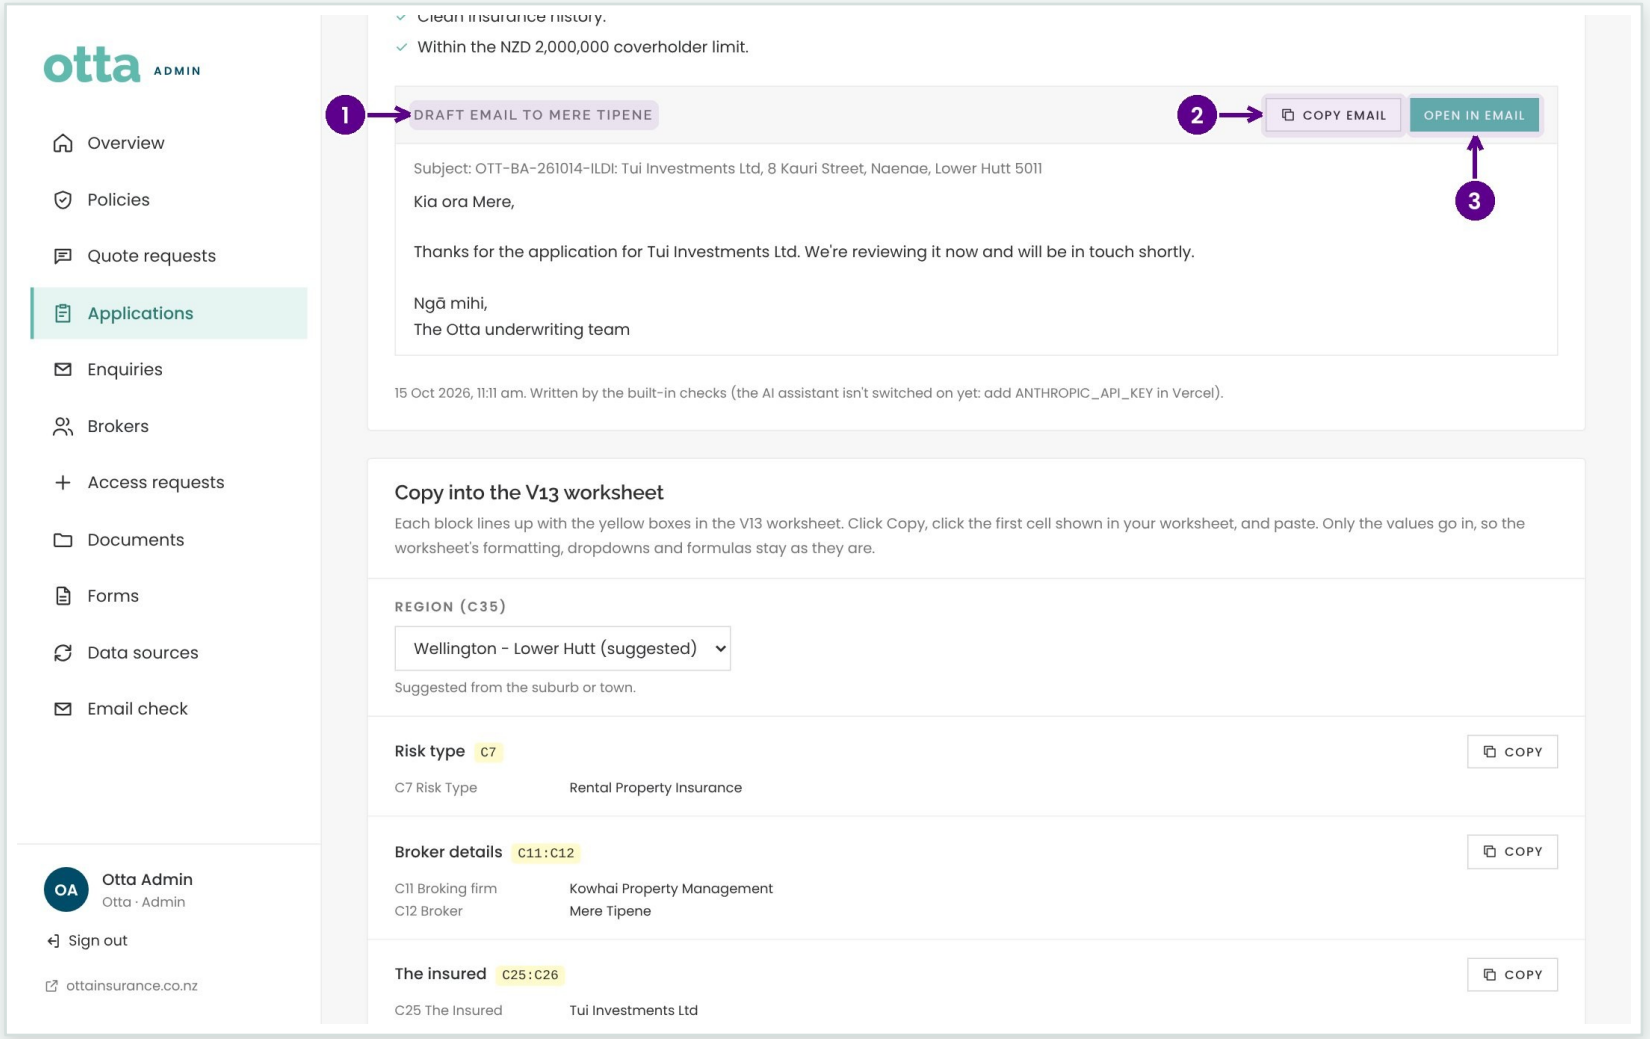

3. Download PDF saves the application as submitted.

The underwriting assistant

1. The headline: accept, refer or decline, with the main reason.
2. Red flags against the Property and Landlord Underwriting Guide.
3. Suggested terms, each linked to the section of the guide it comes from.
4. Write again refreshes the brief after changes.

Following up with the broker

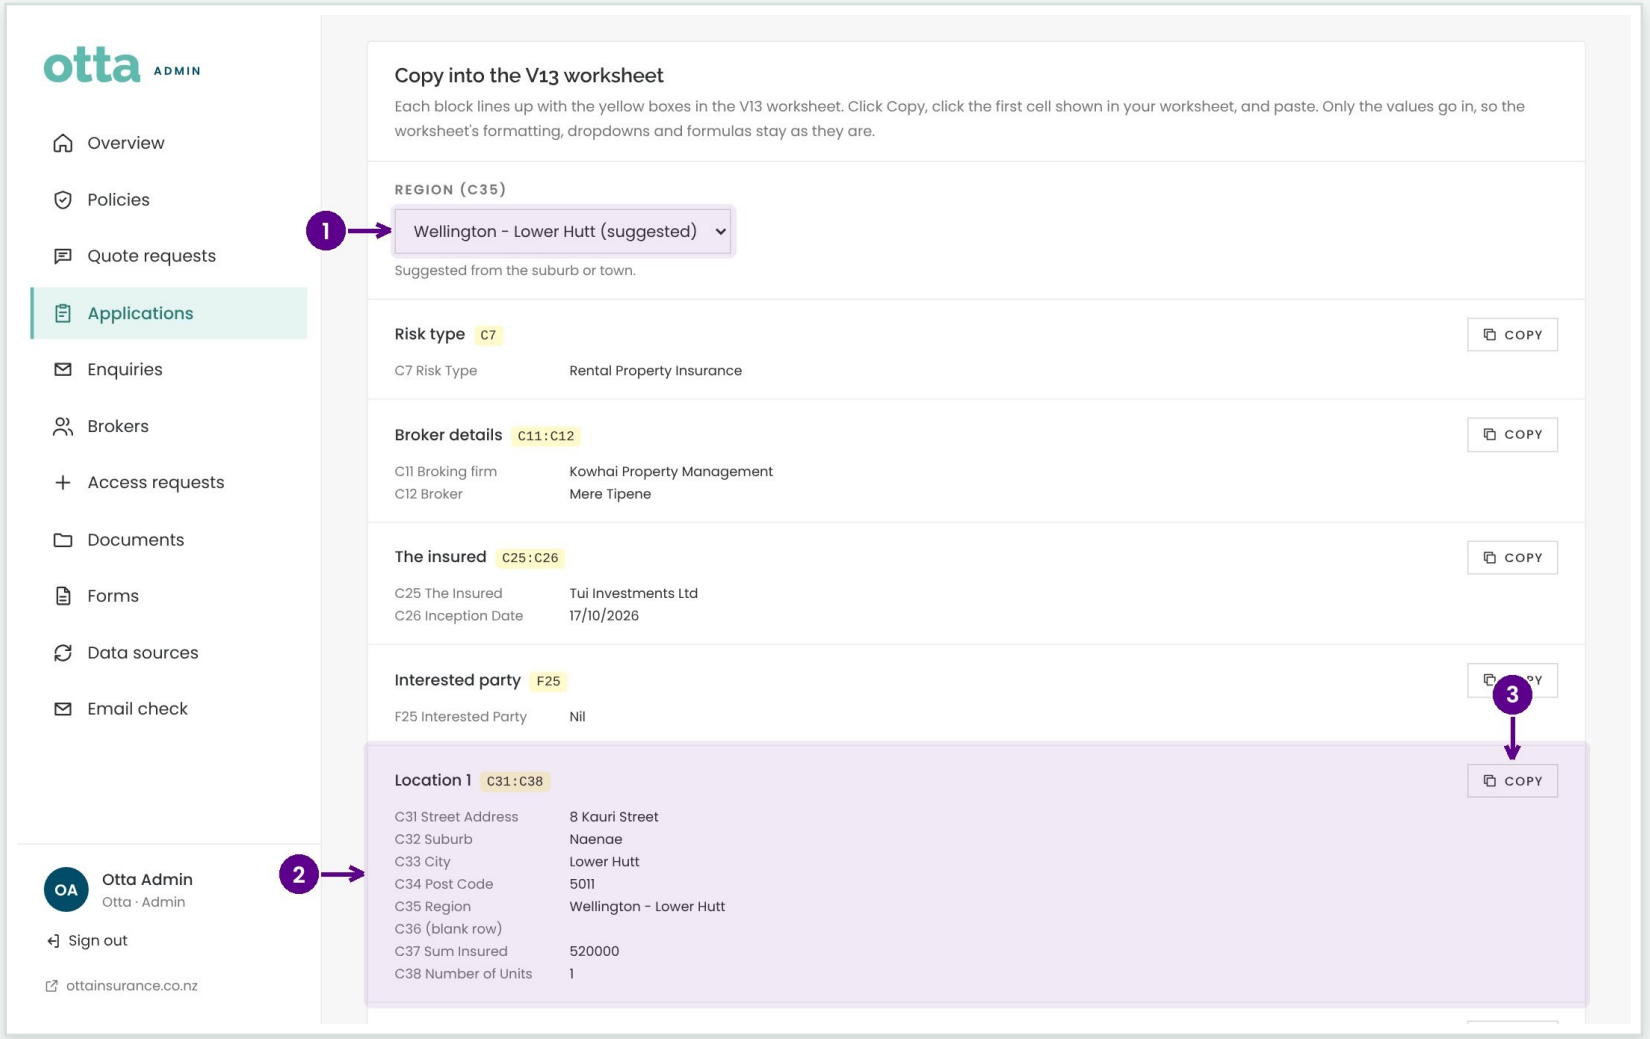

1. A draft email to the broker, asking for anything still missing.

2. Copy email to paste it into your own email.

3. Open in email starts a new message with it filled in.

Copying into the V13 worksheet

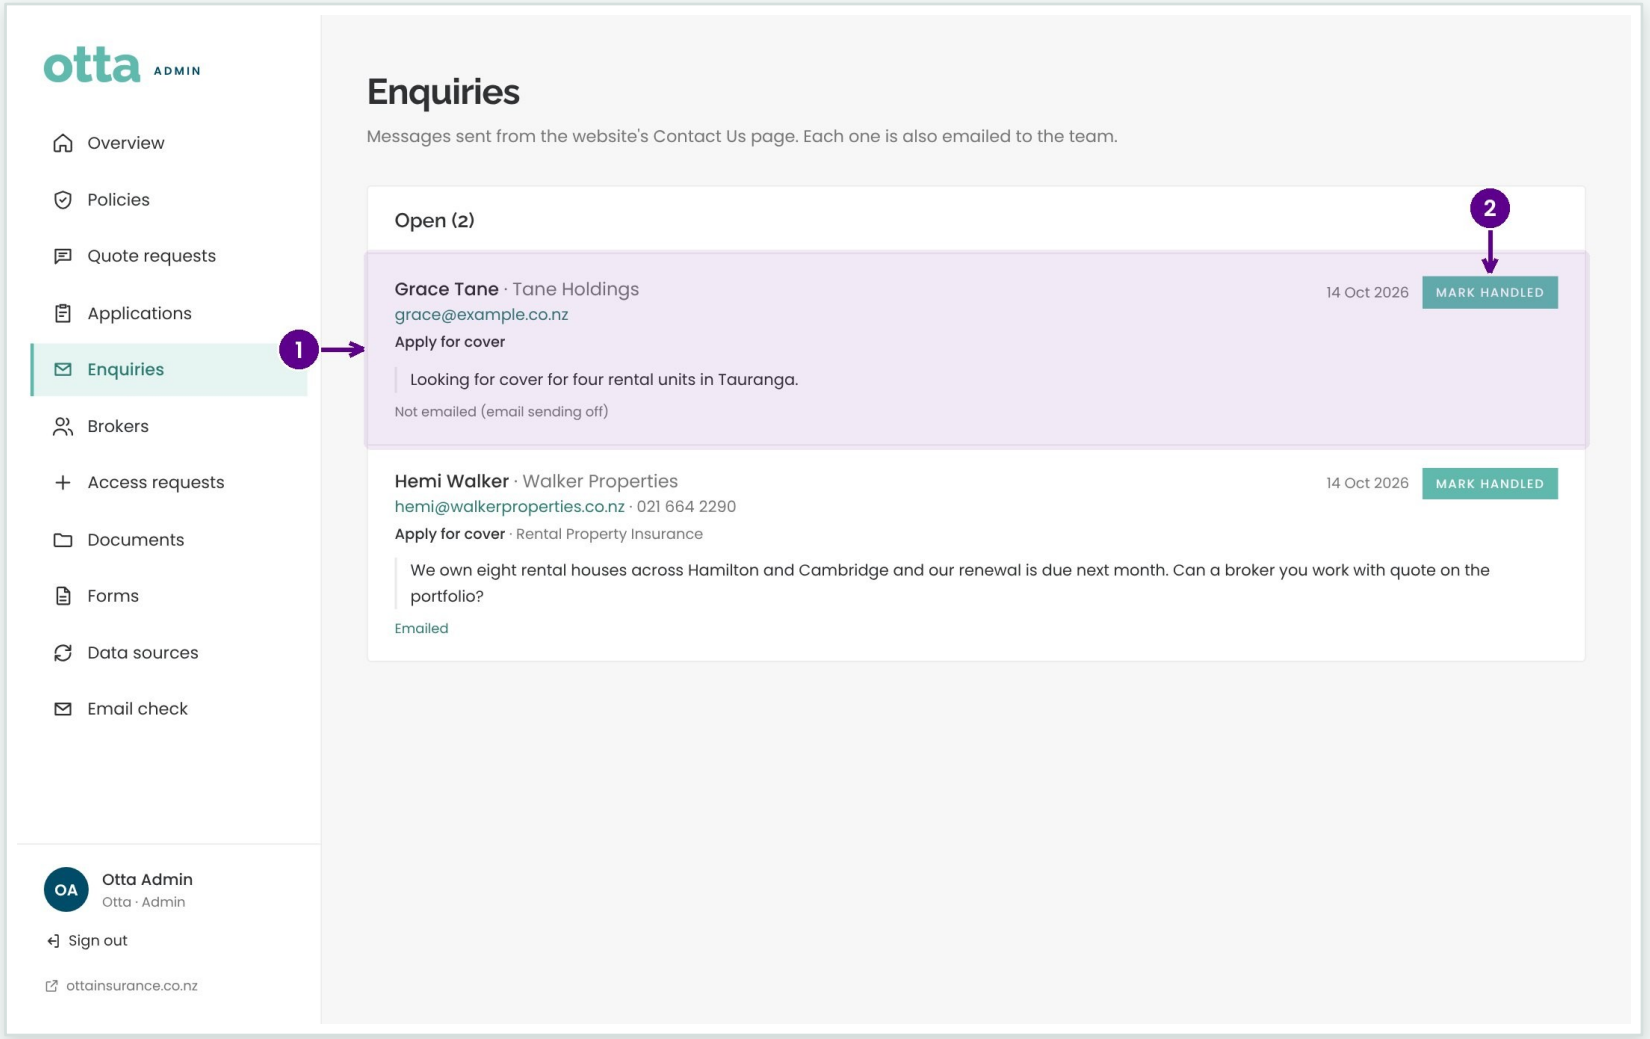

1. Choose the rating region. The suggested one comes from the suburb or town.
2. Each block lines up with the yellow boxes in V13.
3. Copy, then click the first cell in V13 and paste.

03

Enquiries and brokers

Website enquiries, new broker sign ups and the brokerages we work with.

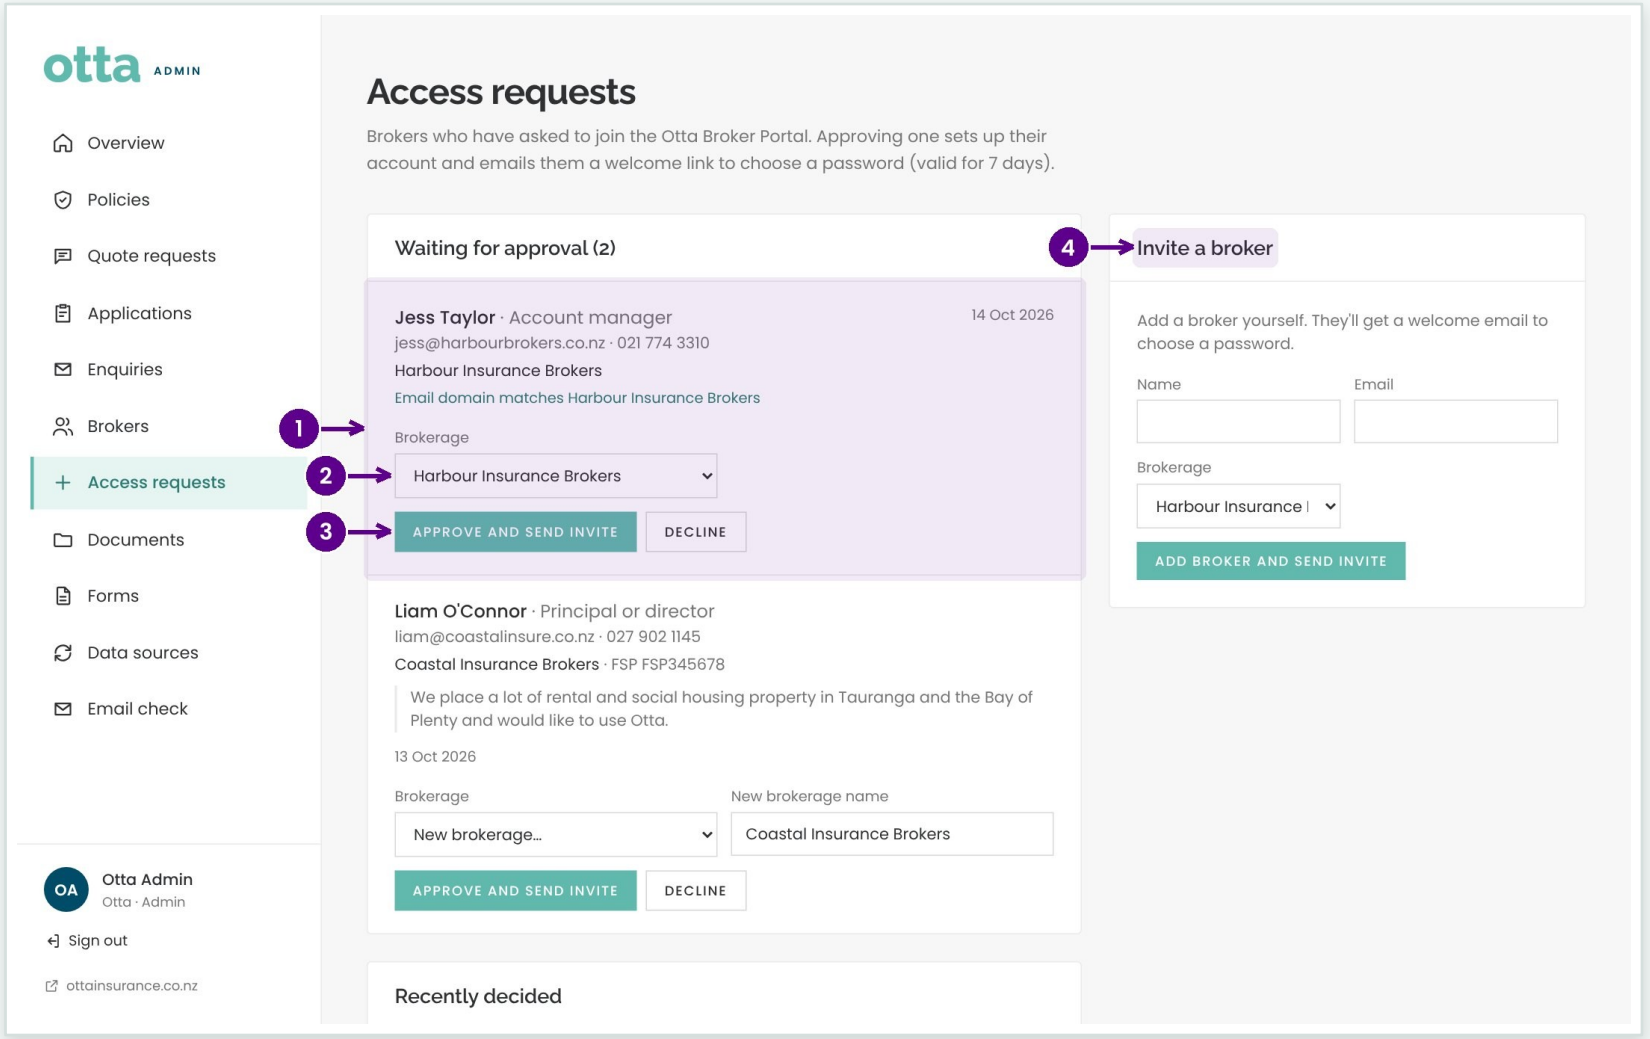

Website enquiries

1. Each enquiry from the Contact Us page, with the message and contact details.

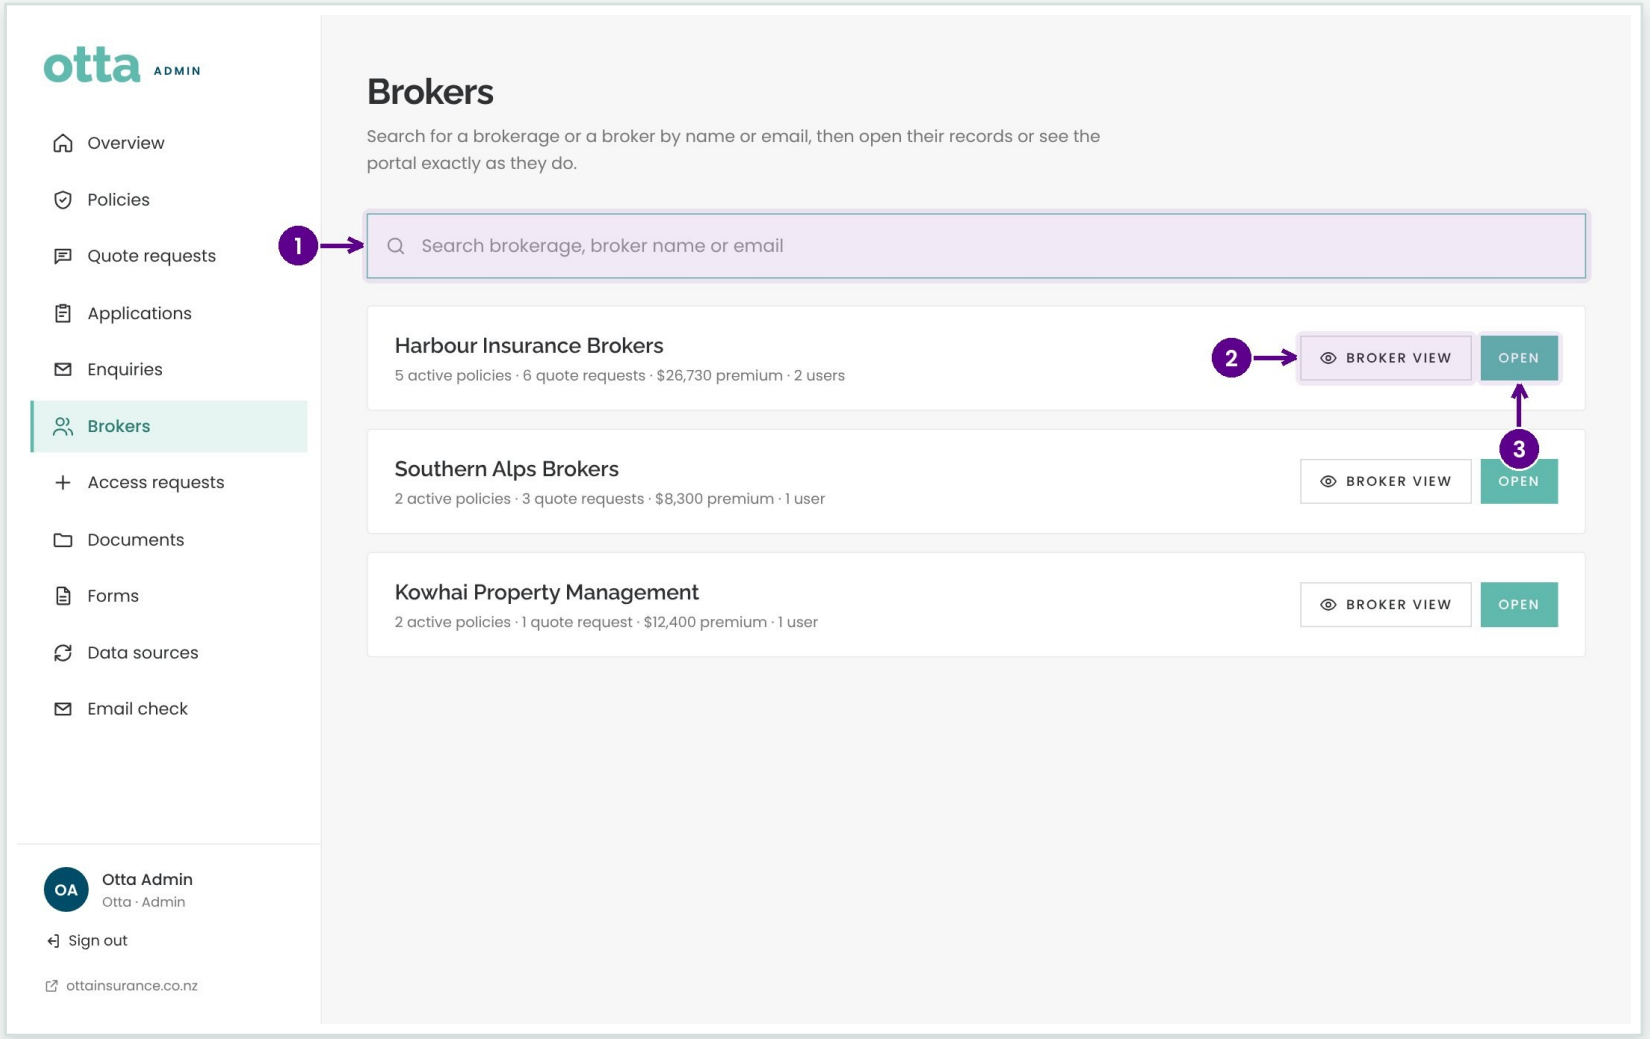

2. Mark handled once you've replied.

Approving broker portal access

1. A broker who has asked to join the portal.
2. Choose their brokerage, or create a new one.
3. Approve and send invite emails them a welcome link to set a password.
4. Or invite a broker yourself.

Brokers

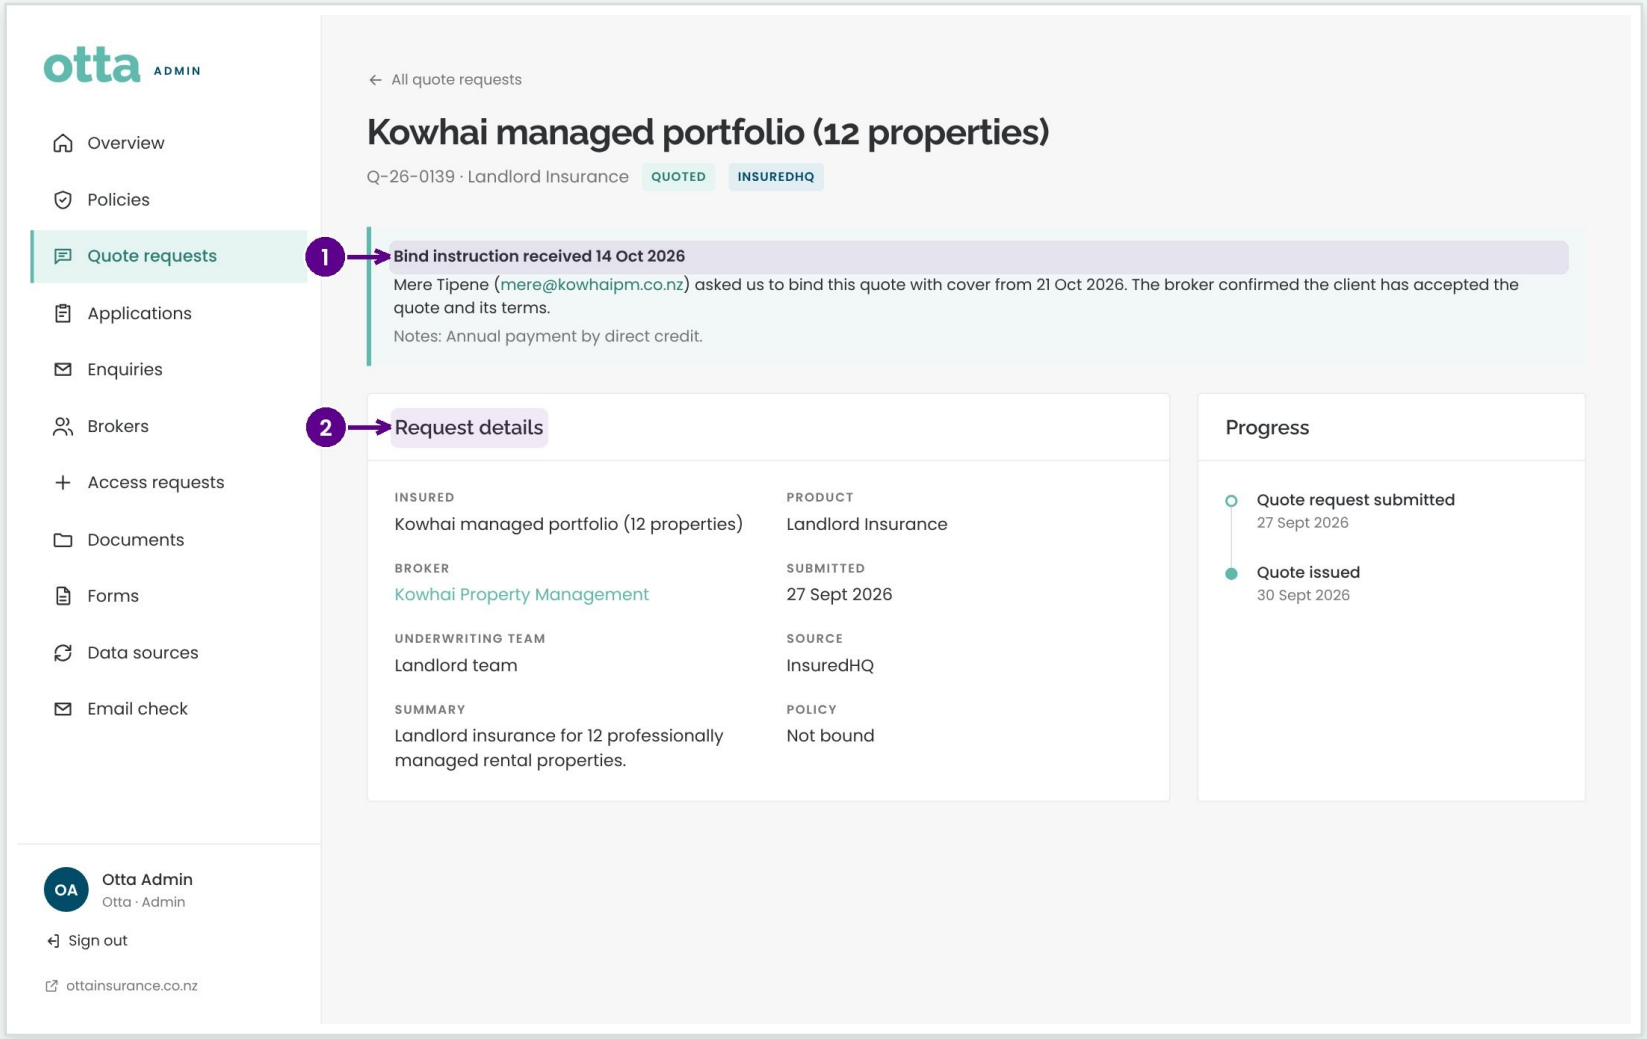

1. Search brokerages and brokers.
2. Broker view shows the portal exactly as that broker sees it.
3. Open a brokerage to see its people, quotes and policies.

04

Quotes, policies and email

From quote to bound policy, and making sure our emails arrive.

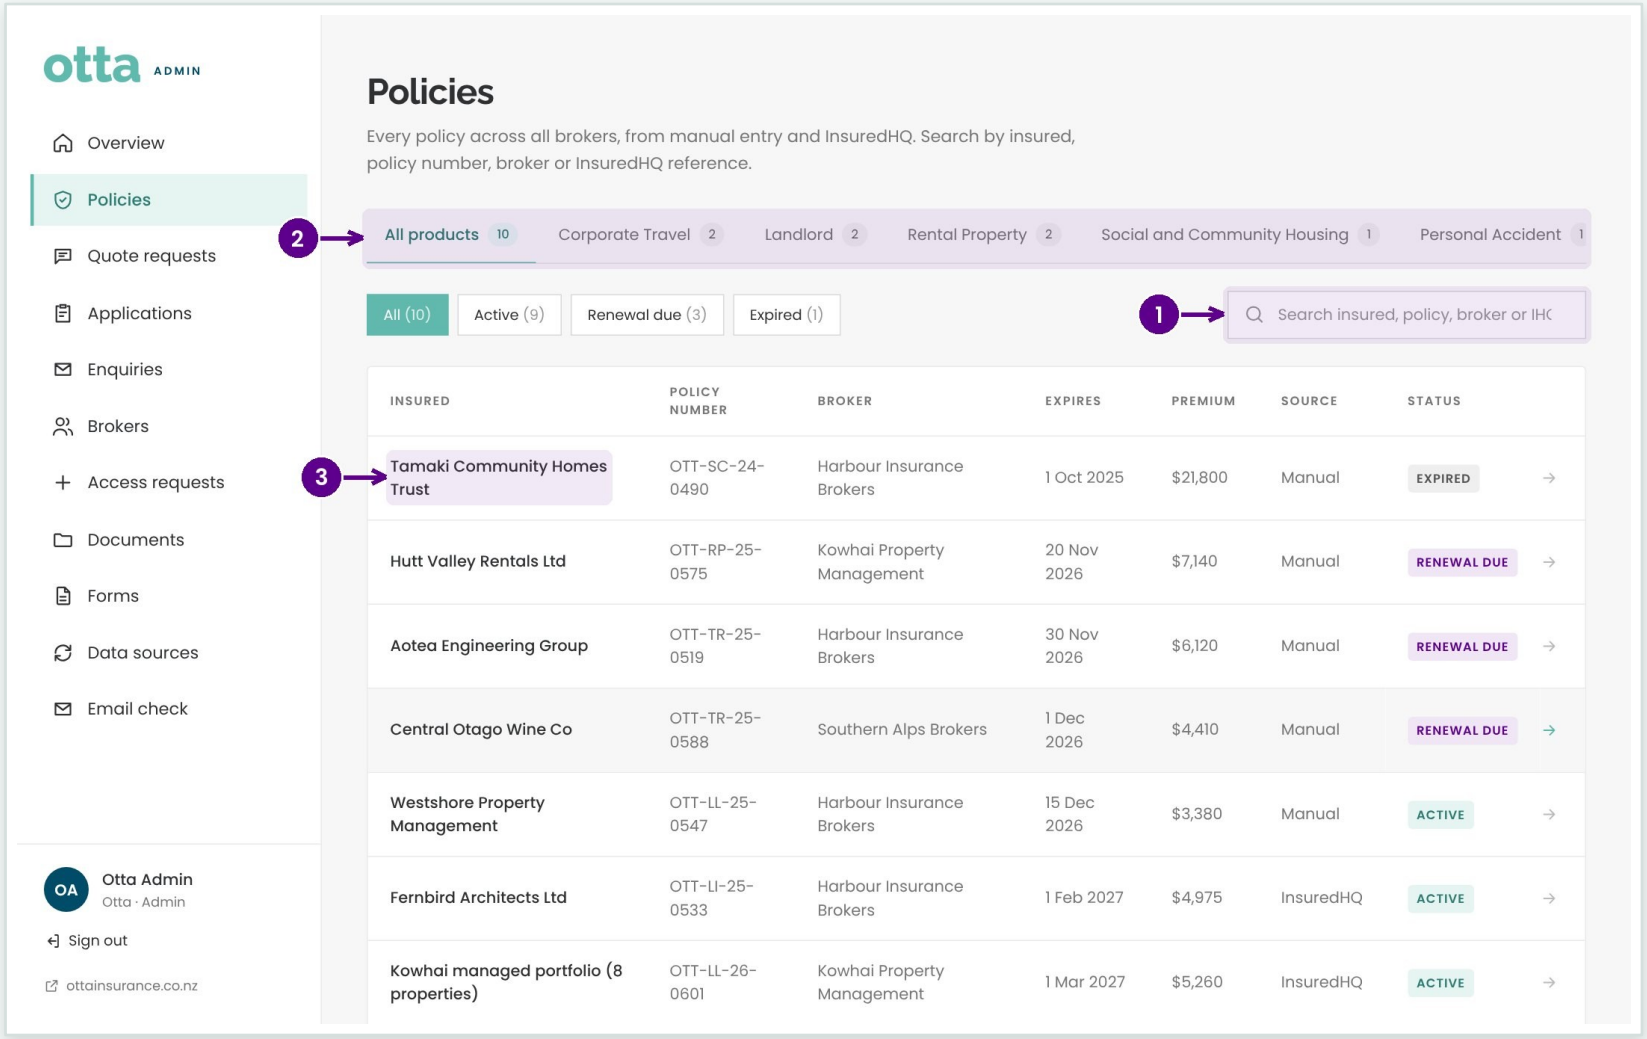

A bind instruction

1. The broker's instruction to bind, with the inception date and any notes.

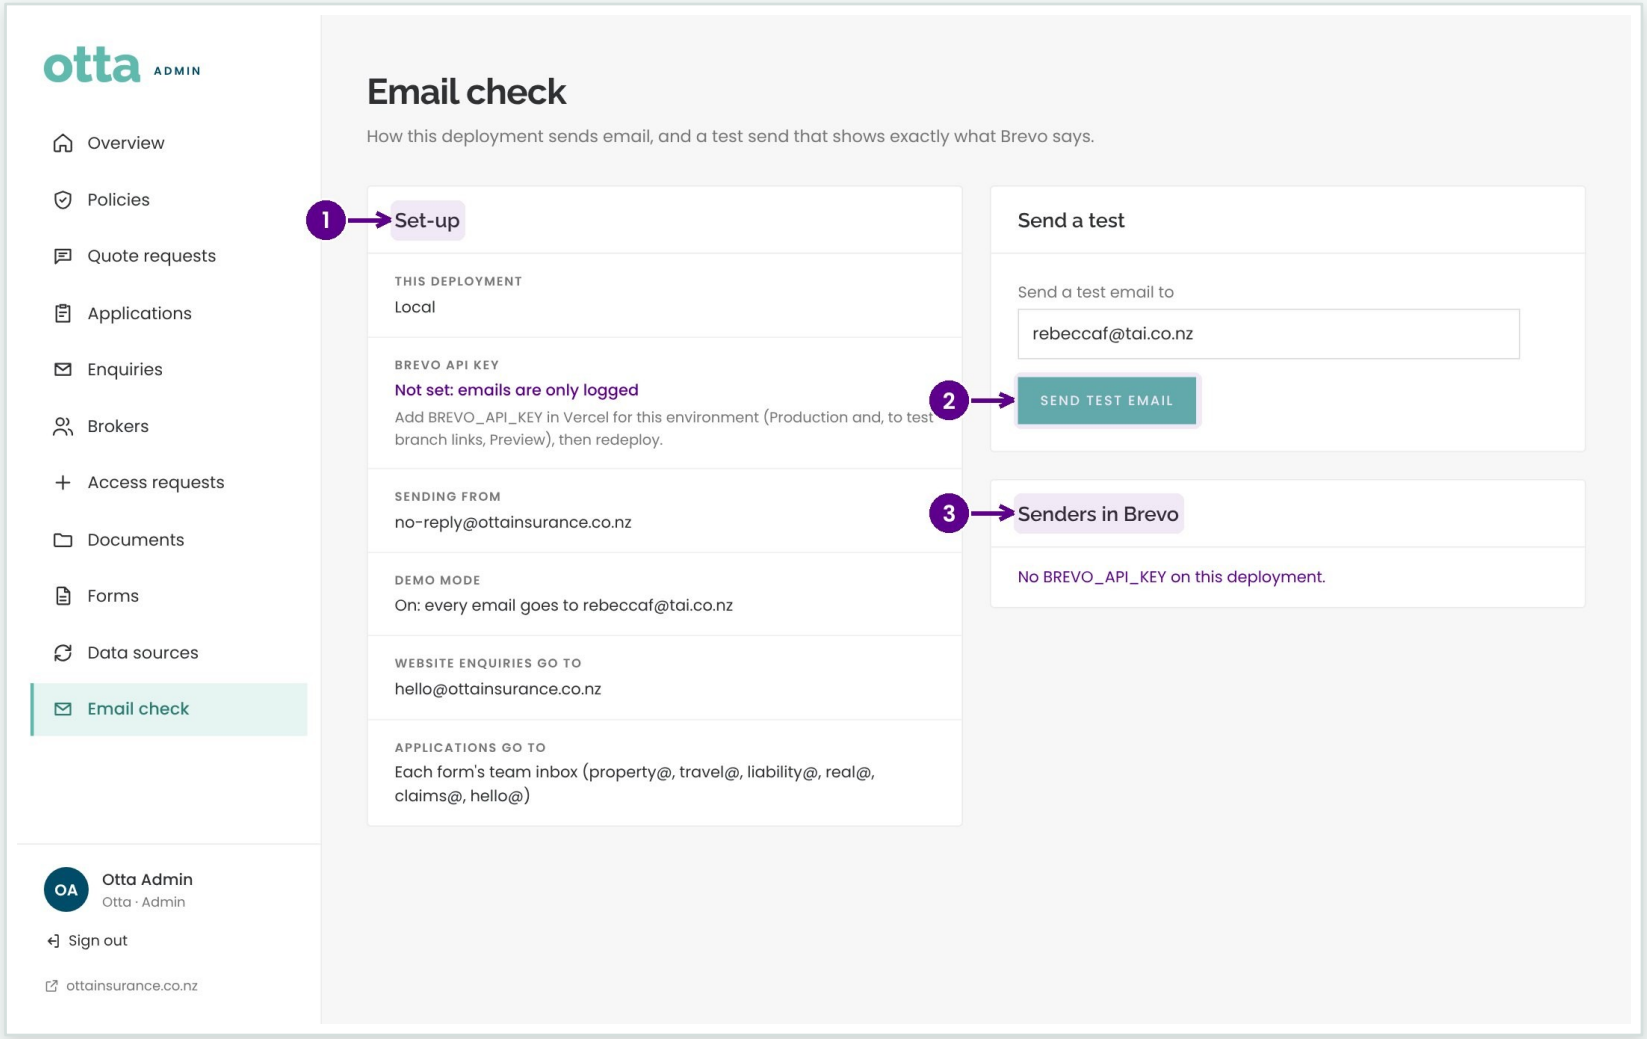

2. The original request details.

Policies

1. Search by insured, policy number, broker or InsuredHQ reference.
2. Filter by product.
3. Select a policy to see its details.

Email check

1. Set up: whether email sending is switched on.
2. Send test email to check delivery end to end.
3. The senders that must be verified in Brevo.

Key points

- ✓ Start each day on the overview: banners show what's waiting, Live activity shows what's new.
- ✓ The underwriting assistant gives a first read. The underwriter makes every decision.
- ✓ Copy into V13 fills the rating worksheet without retyping.
- ✓ Approve broker access from Access requests; the broker gets a welcome email and the guide.
